- in <https://www.linkedin.com/in/justus-kiprotich/>

## PERSONAL STATEMENT

I am currently studying Software Engineering with a focus on web development. For front-end development, I primarily use React.js and I am also interested in learning Angular.js. As for back-end development, I have experience with Node.js. Furthermore, I am skilled in using MongoDB and PostgreSQL for database management. I have also created a website, which can be accessed at <https://elgeyomarakwetcountyouthbunge.co.ke/>

## WORK EXPERIENCE

05/2023 – 06/2023  
Iten, Elgeyo-Marakwet  
County, Kenya

### Software Engineer

Elgeyo marakwet youth bunge sacco

I created a website for this company using vanilla JavaScript. The website's URL is [Elgeyomarakwetcountyouthbunge.co.ke](https://elgeyomarakwetcountyouthbunge.co.ke/).

## PROJECTS

05/2023 – 06/2023

### Elgeyo marakwet youth bunge sacco web

<https://elgeyomarakwetcountyouthbunge.co.ke/>

I designed the site with Figma and built with vanilla.js

10/2023 – 10/2023

### To do app bundled with Webpack

<https://captaintodo.netlify.app/>

Seamlessly add projects and editable tasks stored in local storage
